

To whom it may concern,

I am writing to highly recommend Hyewon Bae. During her time as the Development Team Lead at MPM Brands, she reported directly to me in my role as the Head of Development.

Hyewon consistently displayed exemplary qualities as an employee, including punctuality, dedication, technical expertise, and a strong work ethic. Throughout her tenure, she successfully completed numerous full stack projects, demonstrating her proficiency in tasks ranging from client front-end development to database table setup. She consistently proved herself to be a valuable team player, readily offering assistance and knowledge-sharing with her colleagues.

One aspect I particularly value among my team members is their commitment to hard work, and Hyewon never disappointed in this regard. I recall an instance when she single-handedly developed multiple external API integrations within an incredibly tight timeframe, enabling us to meet crucial project deadlines. Rather than giving up or seeking assistance, she tenaciously persevered until the job was completed successfully.

Working with Hyewon was an absolute pleasure, and I have complete confidence in her abilities. I would not hesitate to rehire her if the opportunity arose.

If you require any further information or have additional inquiries regarding Hyewon, please do not hesitate to contact me at 604-832-6187 or gilbertc@gmail.com.

Thank you for considering my recommendation.

Sincerely,
